

# ABOUT MARK SUMMERS

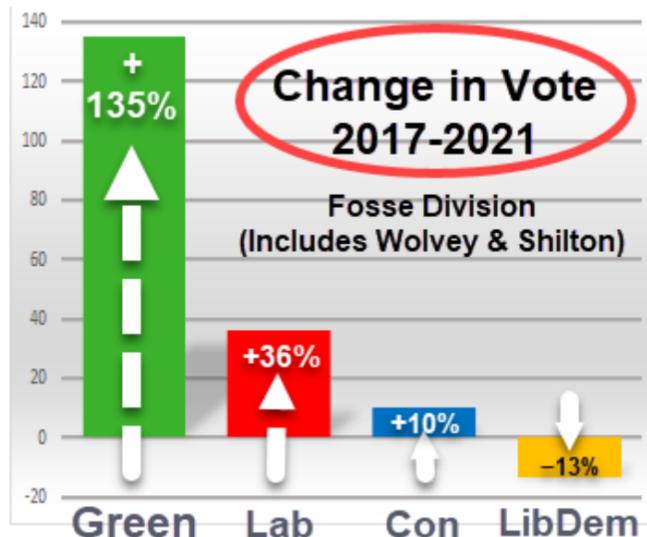

Mark grew up in South Wales, moving to Rugby in 1989. He has worked as a teacher, computer programmer, university tutor and e-learning developer. Having both lived and worked in Rugby, Mark is keenly aware of the problems and opportunities we all face.

Mark says: "There is a wealth of great ideas and knowledge in our communities which is vital as we build back following the pandemic. We need to protect our Green spaces and any necessary building has to be energy efficient with a much higher proportion of affordable homes with one and two bedrooms."

## MARK WILL FIGHT FOR:

- ✓ Tackling climate change. Action, not more money spent on consultations.
- ✓ Ensuring priority is given to much needed affordable 1 and 2 bedroom homes.
- ✓ Sustainable planning instead of a developer's free-for-all
- ✓ A transport system fit for the 21<sup>st</sup> Century

**FREE TO SPEAK UP FOR WOLVEY AND SHILTON**

## YOU DECIDE

- Which candidate is free to speak up for Wolvey and Shilton?
- Which candidate can provide a real alternative voice on the Borough Council

Electing another Conservative won't change anything, but sending Mark as an independently-minded voice will.

# DOING POLITICS WITH PEOPLE, NOT TO PEOPLE

The Council needs a new broom to sweep away the cobwebs. Mark promises to be open and honest, working for improvements with residents and other councillors.

## MORE AFFORDABLE HOMES TO SAVE OUR COMMUNITIES

A healthy community needs to help people have warm, safe homes. To do this we need to:

 Build more **affordable** 1 and 2 bedroom homes for young people starting out or older folk who want to downsize.

 Bring **empty and derelict** houses back into use. Gov't figures show there are over 890 houses not in residential use in Rugby!!

**TIDYING UP AROUND RUGBY**  
As the pandemic fades we are looking forward to the Green Team getting back to action

## A STRONG VOICE FOR WOLVEY AND SHILTON

### ✔ Improving the environment

By finding solutions to issues such as litter and traffic problems.

### ✔ Keeping you informed

Mark and the Green Team will keep in touch with residents through newsletters and visits, providing essential feedback all year round.

### ✔ Climate Change Commitment

Mark will ensure that the Borough Council keeps to its climate change commitment.

## THE CONSERVATIVE RUN COUNCIL IS LETTING US DOWN

### Time and your council tax wasted

-  2009 flooding and drainage report **ignored**.
-  No climate change action plan. £1/2 million committed to reports and consultation with **no result** after nearly 2 years!.
-  **No progress** on the future of Brandon Lane Speedway Stadium. despite a report being submitted over 18 months ago.
-  £100,000s **spent** on the Rugby Hall of Fame vanity project.

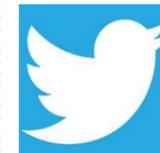

**Rugby Hall of Fame has closed following a meeting behind closed doors**
